

DNAlien Announces New Single "Dance of Fire" Featuring Pamela Fom: A Bold Fusion of Techno, Rock, and Trap Rhythms

September 2024 – DNaIien, the boundary-pushing DJ and music producer, is thrilled to announce the release of his upcoming single, *Dance of Fire*, featuring the powerful vocals of Pamela Fom. Set to drop in early October, this electrifying track is a genre-defying fusion of techno, rock, and trap-inspired rhythms that promises to ignite dance floors worldwide. Drawing from his eclectic musical influences, DNaIien, known for blending everything from melodic techno to rock and world music, takes a bold leap with *Dance of Fire*. The track features pulsating techno beats layered with gritty rock guitar riffs and rhythmic trap elements, resulting in a sound that is both explosive and deeply immersive.

"I wanted *Dance of Fire* to express energy, intensity, and movement," said DNaIien. "It's a track that blends the raw power of rock with the pulsating rhythm of techno and the minimalistic influence of trap. Pamela Fom's lush vocals elevate the song to another level, creating an experience that is both fiery and unforgettable." *Dance of Fire* is the latest in DNaIien's diverse catalog, which has earned him a reputation for his genre-bending sound. From his early inspirations rooted in the to his more recent explorations in dark disco and synthwave, DNaIien continues to evolve, captivating audiences with his unique sonic identity.

Pamela Fom, the Brazilian artist, brings her dynamic vocal range and powerful presence to *Dance of Fire*, delivering a performance that is both fierce and evocative. Her collaboration with DNaIien marks a new chapter in her career, as the track pushes the boundaries of electronic music with its genre-spanning influences.

The single will be available on all major streaming platforms in early 2025, with an accompanying music video expected to follow. Fans can expect to hear *Dance of Fire* live as DNaIien gears up for performances across Europe, including stops at major festivals and events.
